### Dear Colleagues

We have the pleasure to invite you to the EFNS Regional Teaching Course, which will take place in Odessa, Ukraine, 25-29 April 2007.

The purpose of this course is to discuss many clinical neurological aspects, to provide up-to-date information and promote international research and clinical collaboration.

Our meeting will give **an opportunity to colleagues and friends** to come together to create, strengthen and reformulate links of collaboration and friendship between researchers and practitioners with the common ground of thoughts and work. Our main goal is to open new windows to scientific exchange in **reflecting** new perspectives and the implicit challenges at the beginning of this century.

We very much look forward to welcoming you in Odessa and we hope that the meeting will be stimulating, fruitful and it will contribute to a better understanding of the neurological diseases.

Sincerely, Professor, MD., **Anatoliy Son**  
Chairperson of the Local Organizing Committee
