

INVITATION

HUNGARY

SZEGED

NEUROPROTECTION CLUB 2010

June 4-5, 2010

Dear Friends and Colleagues,

We take great pleasure in inviting you to attend the Neuroprotection Club 2010, which will be held in Szeged, Hungary, June 4-5, 2010.

The conference is designed to present the most up-to-date scientific discoveries and practices in varied fields of neuroprotection, bringing together researchers and clinicians for a few days of intense scientific interaction. The high quality scientific program currently evolving through collaboration between local and international experts will open new insights into issues related to the main topic: neuroprotection through a combination of clinically oriented presentations and the latest scientific highlights. Content will be international in scope with speakers recognized for their academic and clinical achievements.

It is a great honor to be able to host such an important international event. Szeged is a beautiful and spectacular city in Hungary situated on the banks of river Tisza which is home to around 170,000 people. It lies on Hungary's south-eastern border, just south of the mouth of Maros River. The climate is very pleasant and is well known for its sunny summers, no wonder its often called the City of Sunshine.

We are certain that everyone will enjoy the Neuroprotection Club 2010 to be held in Szeged, and look forward to welcoming you in June, 2010.

With warm regards

**Professor László Vécsei
University of Szeged
Albert Szent-Györgyi Clinical Centre
Neurology Department**

INVITATION
